

Our Mission:

To effectively develop godly marriages and families who will change the world, one home at a time.

Where?

We have been sensing an upcoming transition over the last few months and have been praying for God's wisdom. At the end of April, we will be releasing the apartment and will be staying with Alecia's parents (the Potter's) whenever we are not traveling. Over the past several months, we have made numerous trips to Florida in order to raise

Corbin Life

Keeping you connected as we serve with FamilyLife

APRIL 2009

But What About...?

At a meeting with a potential ministry partner, he stopped me and asked what difference we make in the kingdom, eternally. He knew how important strong Christian marriages and families were to spreading the gospel. But did we take time to witness and win souls for Christ? I realized at that point that I hadn't made our passion clear. I've been telling people how important a godly marriage is to winning our children to Christ, and how important Christian families are to our nation, but I haven't conveyed the core mission of our ministry.

When Alecia and I attended a Weekend to Remember conference over a year ago, we both felt God stir up a passion for FamilyLife and how God was using this ministry to reach marriages. However, one part of our weekend caught me by surprise. I expected a "Christian" marriage conference to be full of believers. Yet, about half-way through the conference the speakers walked through the salvation message. I know it made a difference, and that there were people born into the kingdom that day. In fact, as of March 27, there have already been 1,965 decisions for Christ at this year's Weekend to Remember conferences. What a reason to rejoice! It is immediately evident that we are not just about fortifying marriages and equipping Christian families. FamilyLife is about giving hope - by presenting the life-changing Gospel of Jesus Christ to the hurting world around us. Through your active prayer and support, you are helping us reach this world for Christ and His eternal kingdom.

support and now know that this is what we need to do to progress in a timely manner and to be good stewards of the resources God has provided. Michael will continue to work with SignPros until all parties involved feel that the time is right for him to resign. Our plan is to continue to meet with potential partners in Georgia and Florida as the Lord leads.

Please Pray...

- FamilyLife - for record attendance at this year's Weekend to Remember conferences and to see many marriages changed and souls saved.
- Michael - for strength and energy as we prepare for the next phase of our ministry journey.
- Alecia - for strength, endurance and courage as she helps Michael during this recovery time and prepares for our move to Little Rock.
- Gabriel & Naomi - that they will be at peace as we prepare for a move.
- Potential Ministry Partners - that God will lead us to those He is calling to join us in our fight for the souls of our nation. Also, that our new Ministry Partners will be able to point us to more people for us to talk to about FamilyLife and our calling.

Milestone

We have reached an important milestone in our efforts to raise our support! God has brought us to the 50% mark in terms of monthly commitments towards our complete support goal. We have been reminded many times that OUR GOD owns the cattle on a thousand hills (Psalm 50:10). The world's economy is not God's economy! We are so aware of how many of our friends are in need right now as this economy struggles. More than ever, people are seeking God and looking for answers. Please pray with us that God will continue to order our steps, that He will comfort and sustain those we love, and that HE will prepare the hearts of those He is calling to join our team as Ministry Partners.

HE IS RISEN!

Send us your prayer requests! We want to share your burdens, just as you are sharing ours. If there is anything about which we can join with you in prayer, please let us know. You are important to us, and we enjoy lifting our partners up in prayer. Tell us your needs and how we should pray!
