Back in Florida

We're back from our road trip! It was an incredible experience that really grew our faith. We quickly realized that God's plan was far superior to our plan.

We expected to travel to Houston, stay one or two nights, and then drive up to Tulsa. Instead, God provided us with about thirty contacts in the Dallas/Ft. Worth area and a place to stay for five nights! One of the couples we met told us about their own ministry to young couples, many of whom were unmarried, but sharing a home. One such couple came to their home seeking counselling, and realized they needed to get married right away. So Pastor Del and Deanna married them right there in the living room!

From Dallas we drove to Wichita Falls, Texas for the afternoon and met with some partners, then on to Tulsa, where we stayed for three weeks. We met with many precious families there, and even spent a couple of days having fun with the kids. We got to visit the Will Rogers Memorial in Claremore, Oklahoma and the Blue Bell Ice Cream creamery in Broken Arrow with their great grandparents. We all had a blast!

After a great time in Oklahoma, we headed to Little Rock to meet with more couples and look for a place to live. Again, God provided in amazing ways. We met with a FamilyLife staff couple who will be moving to Beijing, China to start the first of many community centers requested by the Chinese government. They were praying that God would send them a FamilyLife couple that could rent their home while they are gone. To make a long story short, we now have a place to live for 18 months while we look for a home to buy. Now that we are back in Marianna, we will work and pray toward a move shortly after Christmas. Please pray with us for God's continued favor as we close in on our initial support goal!

You are making a difference! Here are a few quotes from recent Weekend to Remember marriage conferences:

"We arrived, not even looking at each other. We haven't talked for over a year! God broke through the walls and we talked!!! My love was joyous! I love my husband!"

"It has helped us to put our marriage back together after being separated for a year. Our marriage had gotten to the point where divorce had been started. But after this, divorce is out of the question. We are learning to accept each other for who we are, and thanking God for each other and our differences."

"The love letter my husband made... We've been together for 24 years- this is the first love letter to me. We've been separated since the end of July. Communication has always been difficult. We talked more this weekend than we have in years. I'm moving back into our home and we are committed to working on oneness with Christ."

November 8th is Orphan Sunday

Is God calling you to reach out to the orphan? Is He asking you to step out and start an Orphan ministry in your church or community? Hope for Orphans (a ministry of FamilyLife), Focus on the Family, and Show Hope are joining forces to bring a special live event from Nashville, and your church can be a part of the event.

Watch live as Grammy award winning artist Steven Curtis Chapman, Jim Daly, the President of Focus on the Family, and FamilyLife President, Dennis Rainey pour out their hearts for over 140 million Orphans and challenge the Body of Christ to respond. Other guests include Geoff Moore and the Children of the World Choir. On that day, there will be Orphan Sunday events happening in churches all across the country.

Please consider how you and your church can participate in this special live event at 4 - 6pm (CST) on November 8th. It will be available at no charge through webcast, satellite and also on a number of radio stations throughout the country. To learn about how to engage your church in this historic event, visit CryoftheOrphan.org today.
